## Skills

Git Version Control  
Javascript - Typescript  
SQL & NoSQL  
English - Upper Intermediate  
React.JS - Next.JS - Node.JS

I am a 26-year-old software engineering student with good knowledge in backend and frontend development. I am highly responsive and adaptable, possessing excellent communication and problem-solving skills. Passionate about learning, I actively explore the technological field and programming languages to deepen my understanding and continuously grow in my role. I work effectively in collaborative environments and am dedicated to delivering high-quality results.
